

Day 4

National Compliance Initiatives – Creating Cleaner Air for Communities

- Do you treat NO_x-limited states differently since they have an excess of biogenic VOC sources and additional VOCs are unlikely to form ozone?
 - Answered live in recording.
- Are those courses in conjunction with or separate from the courses OAQPS is updating?
 - Answered live in recording.
- Are these courses only available to state pollution control agency staff? Can state agencies appoint/approve outside entities to access the training?
 - Answered live in recording.
- Are these courses also coordinated through ERG?
 - Answered live in recording.
