Small Business Environmental Assistance

Get To Know Us

- *Are you a business owner that needs help understanding and keeping up with environmental regulations that affect your business?*
- *Could you use someone inside government whose sole purpose is to help you with environmental questions?*

The Small Business Environmental Assistance Program (SBEAP) is here to help!

Contact us: 800-734-3619 or BGSEAP@tn.gov

The SBEAP is free!

The SBEAP is a free service from TN State Government.

The SBEAP is confidential!

No details about a company working with SBEAP is provided to regulatory divisions unless the company allows, as the information is protected under the Federal Clean Air Act.

Nashville's skyline lights up the Cumberland River.

The SBEAP provides assistance!

The SBEAP can provide detailed, technical assistance for any environmental question. Some of what we do or how we can assist are:

- Permitting – including permit applications, technical calculations and more
- Evaluating the impact of new or changing regulations upon small business
- Knowledgeable referrals to TDEC internal regulatory divisions and to external agencies
- A variety of outreach activities to prevent potential compliance problems and keep small business owners up-to-date:
