## **AGENDA**

**Tech-Subcommittee:** <https://nationalsbeap.org/committees/technical>

### **Data Center Optimization - Impacts and Unique Air Compliance**

Jarrett Vigil & Kaitlin Urso, CDPHE CO SBAP

Learn about the energy and environmental impacts of data storage facilities, along with best practices. The associated air compliance requirements for emergency generators will also be covered.

#### **Bios**

##### **Jarrett Vigil**

Colorado Department of Public Health & Environment

Air Pollution Control Division

[Jarrett.Vigil@state.CO.US](mailto:Jarrett.Vigil@state.CO.US)

Jarrett has been with the SBAP (Small Business Assistance Program) since 2023 with work focusing on Energy Efficiency and Natural Medicines. He has an MS in Energy and Sustainability from University of Denver.'

##### **Kaitlin Urso**

CDPHE

SBAP Manager

[Kaitlin.Urso@state.CO.US](mailto:Kaitlin.Urso@state.CO.US)

Kaitlin Urso manages the Colorado SBAP which provides free environmental consulting services to small businesses in Colorado. SBAP provides both compliance & sustainability assistance related to air, waste, water, and energy.

Kaitlin has been with CDPHE since 2011, SBAP since 2014, and has a mechanical engineering degree from CU Boulder.

She specializes in consulting for the commercial cannabis, data storage, craft brewing and natural medicines (i.e. psilocybin mushrooms) industries to reduce their environmental impacts.

Kaitlin's work has been published in Air and Waste Management Journal and featured in Wall Street Journal, Forbes, CNN, NPR, Science Magazine, and countless industry publications.
