

# North Carolina

Small Business Environmental Assistance Program

**JENNIFER COLLINS** MAY 28, 2021 04:29PM

## Big Wins

**JENNIFER COLLINS** JUN 08, 2021 01:08AM

Worked with EPA to publish the 6H Autobody Rule Regulation Navigation (Reg Nav) Tool. Developed an online 6H Training/Learning Management System (LMS). Ultra Low Sulfur Diesel policy change. Direct assistance to every NC cotton ginner. Provided businesses for EPA's ethylene oxide SBAR panel. Streamlined approval for summertime gas RVP relaxations. NSC/EJ liaison position. MM2A.

## Challenges

**JENNIFER COLLINS** JUN 08, 2021 01:09AM

Keeping the 6H paint manufacturers' target HAPs lists up-to-date. Locating a specific voice over actor.

*I will totally do your voice over! I would be amazing at it and I am already a famous YouTube star. :)* – ANONYMOUS

*Is that Jennifer Dixon?* – JENNIFER COLLINS

*Yes. Darn it! How did you know? I was trying to be incognito.* – ANONYMOUS

## 2021 / 2022 Excitement & Priorities

**JENNIFER COLLINS** JUN 08, 2021 01:09AM

Publish the 6H LMS. Publish an APTI Learn training course for regulatory staff on when to grant a petition for exemption from 6H.

## Help Wanted

**JENNIFER COLLINS** JUN 08, 2021 01:10AM

I want to use the 6H LMS as a template for 6X and beyond. It would be great if states would sign up to be subject matter experts (SMEs) for a rule and then work on developing a tool like a flowchart, Reg Nav, LMS, etc.. With division of labor we can develop more products more quickly and establish our standing as top-tier technical/compliance assistance providers in the LMS arena.

## Structure and Stats (Where are you housed? and How many Full Time Equivalent (FTEs)?)

**JENNIFER COLLINS** JUN 08, 2021 01:11AM

Non-regulatory division within the regulatory department. 1.55 FTEs
