

State Gift Exchange

*Because this is the first in-person annual training since 2019,
here is a refresher on how the State Gift Exchange works.*

It is not mandatory that you bring a gift, although it is highly suggested! This is a fun event and it's always nice to have a gift to open and to try and guess the state it represents.

The gifter should bring a gift that represents and/or symbolizes something from their state. Enough that the giftee should be able to identify the state.

Gift cost \$15 to \$20.
