# Office of Air and Radiation Organization Chart

# OAQPS SBAP Framework

- ▶ The OAQPS Small Business Assistance Program (SBAP) is managed by the Community and Tribal Programs Group in OAQPS' Outreach and Information Division.
- ▶ The OAQPS SBAP serves as a central resource for States, EPA Regions, and small businesses to obtain information, tools, and training about OAQPS regulatory actions that may impact or be of interest to small businesses.
- ▶ Currently, 9 out of 10 regional offices have one Regional Air Small Business Liaisons (RASBL) that engage with state representatives.
  - ▶ Region 6 has appointed Tongee Flemming as its new RASBL. Tongee is the Manager, Grants and Acquisitions Branch, Mission Support Division, Region 6
  - ▶ Region 8 is currently vacant.
  - ▶ Of the 9 regions present, Region 1 has a manager filling in, therefore his presence is very limited.
- ▶ OAQPS is in coordination with OECA and OGC to develop an agreement on how the two offices are continuing our efforts in supporting small businesses.
- ▶ OAQPS continues to coordinate with regional offices and states on small business matters and provides update advice and feedback, as needed and requested.

# OAQPS SBAP Elements – INTERNAL Stakeholders

## Coordination with Internal Partners

- ▶ Coordinate standing meetings with OAQPS SBAP workgroup and RASBLs to ensure state needs are heard and met.
  - ▶ Workgroup calls: February, June, and October.
  - ▶ Regional calls: April, August, December.
- ▶ Participate on workgroups for rulemakings to ensure small businesses are considered throughout the rulemaking process and to determine the most effective outreach strategy for those small businesses.
- ▶ Assist rule writers on developing documentation for SBAR panels.

# OAQPS SBAP Elements – EXTERNAL Stakeholders

## Outreach to External Stakeholders

- ▶ Developing and conducting trainings/webinars for small business stakeholders (e.g., Oil and natural gas rulemaking).
- ▶ RASBL meet with SBEAPs and participate in states' regional meetings.
- ▶ Development of small business assistance outreach materials (e.g., fact sheets, brochures, etc.).
- ▶ Provide support to small business environmental assistance programs (SBEAPs) throughout and after the rulemaking process including participating in monthly calls with SBEAP representatives (e.g., SBEAP Technical subcommittee).
- ▶ Maintain an email listserv of small businesses and stakeholders that is used to communicate upcoming training and regulatory actions.
- ▶ Development of a small business webpage that houses information for small businesses, such as regulatory actions, Small Business Advocacy Review (SBAR) panel announcements, a calendar of upcoming events, and RASBLs contact information.

# OAQPS SBAP Website

## Here is what you'll find:

- ▶ Announcements (e.g., upcoming trainings/webinars).
- ▶ Rules In Progress with Potential Small Business Interests.
- ▶ Rulemakings with a Current or Potential SBAR PANEL.
- ▶ Past Rulemakings with a SBAR Panel.
- ▶ OAQPS SBAP's Regional "Air" Small Business Liaisons (RASBL).

## 2024 Upcoming rules with Potential Small Business Interests

PROJECT*	ANTICIPATED SIGNATURE DATE*
<a href="#">NESHAP: Integrated Iron and Steel Manufacturing Facilities Residual Risk and Technology Review</a>	Final – Winter 2024
