

# Education Subcommittee Zoom Meeting

Tuesday, January 25

Annual Data Collection Webinar

12:00 – 1:00pm MDT

Every 2 months on the fourth Tuesday, until Jul 26, 2022

Join Zoom Meeting <https://ksu.zoom.us/j/93048866775>

Hello all,

First, my apologies I clearly should have sent out a clarification before Thanksgiving that The Education Subcommittee was not meeting. I was out of town for over a week. I had incorrectly thought that by not sending out an agenda and reminder that it would be known that we weren't meeting. I apologize for the confusion.

## **Current**

As of now the education subcommittee is still working on the goal of having the five minute SBEAP newcomers introduction video by the end of this month. In September the committee decided that the script and recording for the five minute SBEAP introduction would be our priority until the end of this year.

Looking towards the future, January will bring us the season of data collection once again. An EJ question will be added to our existing lineup. We are confirming the host for the SurveyMonkey data collection platform. January's education subcommittee meeting will be a walkthrough of submitting data with a question and answer session.

## **Past**

Please review very abbreviated 2021 education subcommittee notes. Unfortunately, I did not designate a note taker and the notes I took we're not complete. I wish to get confirmation, clarification and additions so that we can put notes into the record

Preparation for annual report data collection

Tuesday, March 23, 2021

how to presentation on Annual Report Data Collection - Q&A

May 25, 2021

Education Subcommittee Meeting was conducted by email.

Annual training presentation: Only one presentation a 15 minute Clean Air Act trivia Kahoot game.

The annual report is in progress yet, it won't be ready for the virtual training. Education will have a separate presentation, expected in our July time slot.

July 27, 2021

Final 2020 annual report presented by Kansas SBEAP

Tuesday, September 28, 2021

Discussion on a wide range of topics from the annual training feedback since the national SBEAP annual training is in suspension mode it seems premature to start planning the education subcommittee presentations.

goal of having the five minute SBEAP newcomers introduction video by the end of 2020.
