EJ Fact Sheets for Small Biz

Prioritizing scope 1,2, and 3 sustainable business strategies

More EPA/ State in-person collaboration

Add generic SOPs.

Fill in the blank (state contact info) help sheets for area source rules.

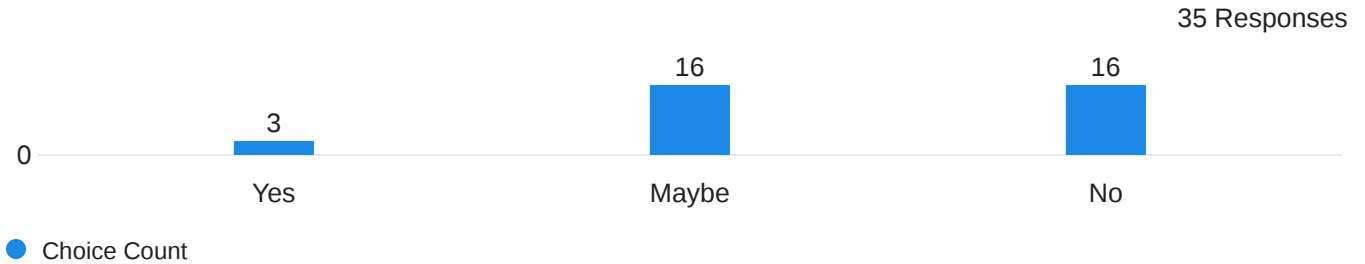

coordinate regional meetings (annually) in addition to the national annual training; there's value in both and it could create a stronger relationship with the RASBLs

Continue to collect state developed resources and promote, link to site.

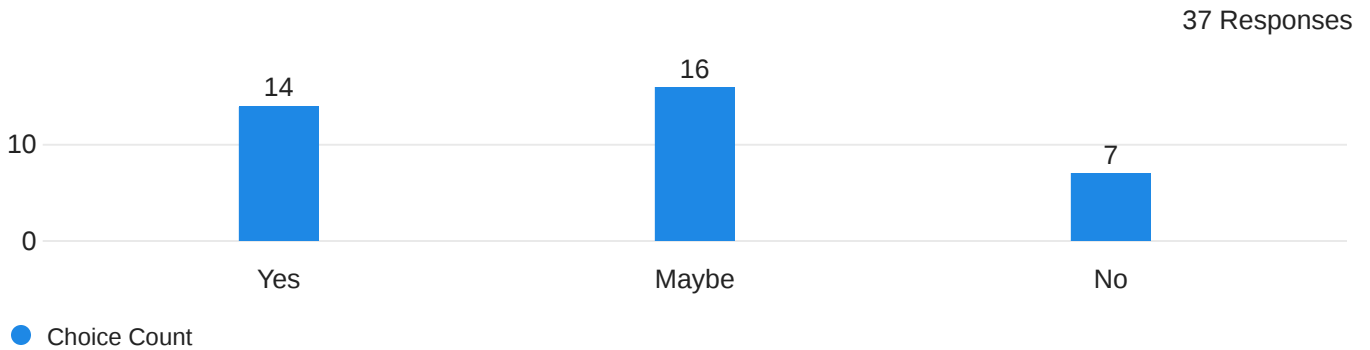

more in-person (regional) meetings with EPA/SBEAP

This grant is a vital resource to help support SBEAPs and small businesses. While I am not sure of new or innovative program activities, EPA needs to know that this is grant money well spent.

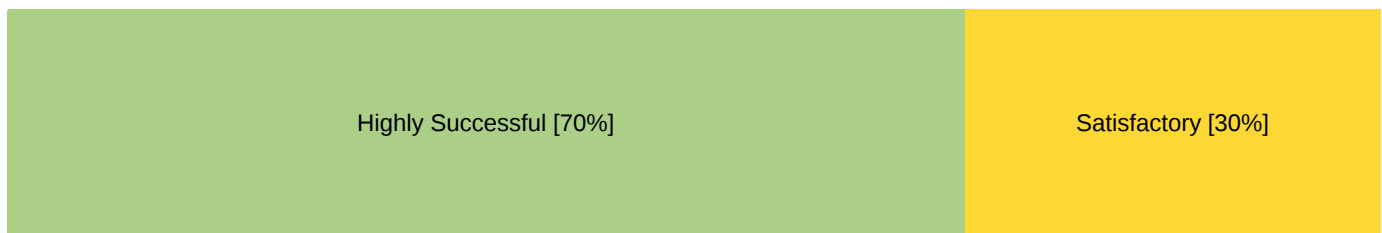

Q3 - Would grant funding be better used to support smaller, regional meetings vs. the large national annual meetings?

Q4 - Could your role within your state collaborate in broader small business advocacy coordination projects if spearheaded under the grant?

Q5 - This program is entering the 5th year of the 5-year term. Looking back over the years how would you rate the success of the program?

● Highly Successful [23] ● Satisfactory [10] ● Needs Improvement ● Unsuccessful
