1. What resources need to be added to the website? (Long Answer)

11/11 (100%) answered

- Can't think of any
- I'm always looking for emission factors and emission spreadsheets for specific industries
- Please catch up with the technical subcommittee webinars. Lots of good information...missed the last two. Thank you!
- Not sure at this moment
- Contact info for all SBEAP participants would be helpful.
- FAQs?
- Nothing I can think of
- n/a
- Nothing comes to mind now, need more time to review the existing content.
- To me you all covered quite a bit.
- I like the state locator resource. I'm not sure who runs that, but it takes users to the state resource pages. That's helpful because regulations differ from state to state.

3. What resources need to be added to the website or do you need support with? (Long Answer)

14/30 (47%) answered

- Finding information.
- not sure
- I don't know at this time.
- Not sure what needs to be added at this time.
- No suggestions. The website is pretty comprehensive.
- Common issues reported by each state so that a universal answer can be created.
- Additional resources states have developed.
- You all have covered quite a bit, I can't think of anything right now. Thank you, great resources.
- NAAs I become more familiar with the resources, I should be able to suggest additions. Thank You!
- unknown
- Unsure
- n/a
- Ideas for outreach for specific emerging issues.
- would like to see the emission calc website in depth . Will return to it to look at other state's calculators

1. How can the K-State team better serve SBEAP/SBO programs to enable them (SBEAPs and SBOs) to serve the small business community more effectively? (Long Answer)

9/9 (100%) answered

- The website is great
- Being available as a resource for answering questions I might have.
- Not sure at this time.
- As you all add to the website, just give updated information.
- I appreciate all you do to keep us updated. I can't think of anything!
- Doing a great job so far.
- I think that you are all doing a wonderful job, I can't think of any necessary improvements at this time,
- unsure
- none at this time. thank you for all your help.
