

**Petroleum Solvent  
Dry Cleaning  
Calendar**

**2024**

602-506-5102

301 W. Jefferson St., Suite 410  
Phoenix, AZ 85003

[Maricopa.gov/AQ](https://www.maricopa.gov/AQ)

## Recordkeeping Requirements

- Enter the amount of solvent purchased each month on the calendar pages and enter the amount into the 24-Month Solvent Purchases table below to confirm the facility is below the 5,500 gallon (gal) limit.
- Record the weight of clothing cleaned per month on the calendar pages.
- Each time the cartridge filter is changed you must keep at least one filter disposal record.

Select from Option A or Option B below:

Option A:

Place filter in a sealed container and dispose per hazardous waste statutes. Keep waste manifest.

Option B:

Drain filter for eight hours prior to removal. Track the date and the time draining started and ended.

- Keep all waste manifests. The manifests must have the date, the company name, the weight, and the type of material disposed.
- Keep Safety Data Sheets (SDSs) for all solvents and VOC containing materials.
- If the facility operates a water separator (required for equipment installed after July 13, 1988) record the date, time, and flow rate of solvent from the water separator when the recovery cycle is terminated.

## Permit Requirements

- Keep all solvents and VOC containing materials in closed containers. For example, muck buckets, filter housings, wastewater, and lint/button trap(s).
- Do not operate any piece of dry cleaning equipment with visible leaks.
- Keep all washer and dryer traps, access doors, and any other parts of dry cleaning equipment where solvent may be exposed to the air closed, except when it is required to be open for proper operation or maintenance.

### Business Assistance Unit

The Maricopa County Air Quality Department Business Assistance Unit provides information and technical assistance to business owners and industry stakeholders related to air quality rules and regulations. The team offers in-person courtesy site visits, on-site training, assistance with rule interpretation and education, and conducts formal case reviews for violations. For more information, visit: [Maricopa.gov/1793](http://Maricopa.gov/1793).

 [AQBusinessAssistance@maricopa.gov](mailto:AQBusinessAssistance@maricopa.gov)  
602-506-5102

### Hazardous Waste Information

Solvents with a flash point less than 60 °C (140 °F), residues from distillation, and filters can be classified as hazardous wastes. Improper handling of hazardous waste is against the law and can result in violations, fines, and costly remediation. Dispose of hazardous waste per statutes. Contact the Arizona Department of Environmental Quality for questions regarding hazardous waste. For more information, visit: [Azdeq.gov/HazWaste](http://Azdeq.gov/HazWaste).
